A little bit about The Gluten Free Altar Bread Co....

Our wafers are supplied only by the sisters of Catholic and Anglican Convents. All ingredients conform to Codex Alimentarius standard for Gluten Free Foods. (This means all our wafers can be called 'Gluten-Free' and suitable for people following a Gluten-Free diet). We are also listed by the Coeliac Society (U.K).

*** IMPORTANT INFORMATION ***

All wafers supplied by The Gluten Free Altar Bread Co. are suitable for people following a Gluten-Free diet. We supply two types of wafers: 1. 'Standard Gluten Free' and 2. 'Low Gluten'.

1. 'Standard Gluten-Free Wafers' (D9 & D10) contain Rice Flour, Potato Flour, Tapioca Flour, Natural Gum and Water. These are suitable for a Gluten-Free diet. These do not contain Wheat. These are not suitable for use in The Catholic Church.
2. 'Low Gluten Wafers' (D20 & D21) are suitable for The Catholic Church. They contain Wheat and Water only, as required by The Catholic Church for Sacrament of Holy Communion. The amount of gluten in 'Low Gluten Wafers' means they are suitable for a Gluten-Free diet. Low Gluten Wafers are made from Wheat Flour however , and are therefore NOT suitable for people who are also intolerant or allergic to Wheat, these wafers are not suitable for you. Please consult your Priest for further advice on Holy Communion.
